Re: Recommended Actions Concerning Dana Kadey

Findings of Violation and Assessments of Penalties Recommended by Commission Staff

The Commission staff has completed its review of Dana Kadey's 2006 and 2008 campaigns for the Maine State Senate. This brief cover memo lists the actions that the staff recommends you take at your March 28th, 2009 meeting, for the reasons that are expressed in my May 7, 2009 notice to Mr. Kadey of the proposed penalties.

(1) The staff recommends that the Commission require Mr. Kadey to return to the Commission a total of \$2,546.63 in Maine Clean Election Act (MCEA) funds. The calculation of this amount is shown on the final page of my May 7 notice.

(2) The staff recommends that the Commission find that Mr. Kadey violated 21-A M.R.S.A. § 1125(6) by spending MCEA funds for personal purposes that were unrelated to his 2006 and 2008 campaigns, and that the Commission assess against him a civil penalty of \$500 for the violation.

The staff believes that the pattern of purchases made by Mr. Kadey in his 2006 and 2008 campaigns demonstrates a serious lack of diligence required of MCEA candidates in accepting and using public funds. He made a conspicuously large number of purchases which were primarily personal in nature and which had little relationship to his campaign. One or two of these purchases alone might be excusable as isolated bad judgment. Taken as a whole, however, they suggest a candidate who neglected his responsibility to understand the requirements of the program, or worse, attempted to take advantage of a generous public funding program. In either case, the staff believes some civil penalty is appropriate to deter such conduct in the future.

Under 21-A M.R.S.A. § 1127(1), the Commission may assess a penalty of up to \$10,000 for any violation of the MCEA, including a violation of § 1125(6).

(3) The staff recommends that the Commission find Mr. Kadey in violation of 21-A M.R.S.A. § 1125(12) for failing to report the 2006 campaign's expenditures according to procedures established by the Commission. This violation is for failing to report personal goods on Schedule E and entering remarks that were not accurate and that obscured the nature of the goods purchased. The staff does not recommend the assessment of any civil penalty for this violation.

Notice to Dana Kadey and Opportunity for Him to Respond to Proposed Penalties

I have not received any comments from Mr. Kadey in response to my May 7, 2009 notice of proposed penalties. I do not know whether he will be present at the May 28th meeting. Nevertheless, I recommend considering this matter on May 28th because I believe that he has received notice of this matter and has had an opportunity to respond.

This matter has been ready for presentation to you since December 2008, but I have had difficulty scheduling it at a time that is convenient for Mr. Kadey. I left a voicemail message for him before the New Year holiday expressing interest in scheduling it for your January 29, 2009 meeting. He wrote back promptly on January 4, 2009 expressing that he was heading soon to Seattle. I presumed that would leave him insufficient time to respond to the staff's view that he spent Maine Clean Election Act funds for personal purposes.

Accordingly, in late February, I sent him a formal notice that this matter would be scheduled for your March 26th meeting and offered him an opportunity to respond. He sent the attached letter received on March 10, 2009, which provided a minimal response on the issue of misuse of public funds. The letter stated that he would be in Florida on the day of the March 26th meeting.

Believing it would be beneficial for him to attend your consideration of this matter, I decided to postpone it until your May 28th meeting. On May 7, 2009, I sent the penalty notice to him by regular mail, and I e-mailed it to him on May 8th. (I sent it to him by

regular mail, because in the past he has consistently responded promptly to a voicemail messages or to written correspondence from the Commission staff.)

I have received no response to the May 7 notice of proposed penalties. Neither the May 7th envelope nor the May 8th e-mail were returned to the office, so I believe they were received by him. On May 19th, I left him a voicemail message (he does not answer his phone) and sent him an e-mail requesting that he acknowledge the scheduling of this matter for your May 28th meeting. I have not heard back.

At this point, I have concluded that Mr. Kadey has elected not to provide any further response to the staff's recommendations. In the attached materials, I have included the explanations he has previously provided to the Commission staff concerning the 2006 and 2008 expenditures that we have questioned. Please note that some of his handwritten explanations of his 2006 expenditures relate to other purchases (*e.g.*, plywood) that the Commission's former auditor or I decided not to contest as personal in nature.

I recommend moving forward with this enforcement proceeding on May 28th. If, however, you have concerns about the notice and opportunity to be heard that we have provided him, there would be little harm in postponing this matter until your July 30, 2009 meeting, and the staff can take other measures to confirm his notice of this matter. Thank you for your consideration.

By E-Mail and Regular Mail

Mr. Dana Kadey
376 West Street
Princeton, ME 04668

Dear Mr. Kadey:

This is to notify you that the enforcement proceeding concerning your 2006 and 2008 campaigns has been scheduled for the May 28th meeting of the Maine Ethics Commission because of your March letter stating that you would be in Florida for the Commission's previous meeting on March 26, 2009 meeting. **You are welcome to respond to the analysis and recommendations of the Commission staff, as described in the final section of this letter.** The staff of the Maine Ethics Commission has completed its review of your 2006 and 2008 political campaigns for State Senate as a Maine Clean Election Act (MCEA) candidate. The staff has found that

- some of the goods purchased in 2006 and 2008 were not related to your campaigns, or had, at best, only a tangential relationship to your campaigns;
- your 2006 campaign bought property and equipment that could be converted to your personal use after the 2006 general election, yet the campaign failed to sell the property and equipment for fair market value after the election and to submit the proceeds to the state, as required by the Commission's rules;
- your 2006 campaign finance disclosure did not comply with the Commission's reporting procedures and did not provide the public and the Commission adequate explanation of the goods purchased.

While the staff understands that you may have believed that there was a campaign rationale for these purchases, the relationship of some of the goods to your 2006 and 2008 campaigns was tenuous. When these purchases are considered together, our view is that they should be viewed as negligent or willful misuse of public funds.

At the May 28th meeting, the Commission staff will likely recommend that the members find you in violation of the MCEA and assess a civil penalty for the violation. **The purpose of this letter is to inform you of the staff's likely recommendations and to provide you with information about how you can respond.**

Legal Requirements for Maine Clean Election Act Candidates

Purchases Must be Campaign-Related

Under the Maine Clean Election Act, “[a]ll [MCEA funds] distributed to a certified candidate from the fund must be used for campaign-related purposes. The candidate, the treasurer, the candidate’s committee ... or any agent of the candidate and committee may not use these revenues for any but campaign-related purposes.” (21-A M.R.S.A. § 1125(6)) The MCEA requires the Commission to publish guidelines of permissible expenditures, which are described below.

Purchasing Goods with a Dual Campaign/Personal Use

The Commission has adopted a rule governing how MCEA candidates must dispose of campaign property or equipment that could be converted to the candidate’s personal use after the campaign has been completed (*e.g.*, computer printers, cell phones). After the election, candidates are required to sell the equipment for fair market value and to return the proceeds to the Maine Clean Election Fund:

Liquidation of Property and Equipment. Property and equipment that is not exclusive to use in a campaign (*e.g.*, computers and associated equipment, etc.) that has been purchased with Maine Clean Election Act funds loses its campaign-related purpose following the election. Such property and equipment must be liquidated at its fair market value and the proceeds thereof reimbursed to the Maine Clean Election Fund as unspent fund revenues in accordance with the schedule in paragraph B above.

- (1) The liquidation of campaign property and equipment may be done by sale to another person or purchase by the candidate.
- (2) Liquidation must be at the fair market value of the property or equipment at the time of disposition. Fair market value is determined by what is fair, economic, just, equitable, and reasonable under normal market conditions based upon the value of items of similar description, age, and condition as determined by acceptable evidence of value.

Commission Rules, Ch. 3, § 7(2)(C). This rule was approved by the Maine Legislature as a major-substantive rule.

Reporting Requirements

It is an explicit requirement of the MCEA that participating candidates must disclose their expenditures according to procedures developed by the Commission:

Notwithstanding any other provision of law, participating and certified candidates shall report any money collected, all campaign expenditures, obligations and related activities to the commission according to procedures developed by the commission. (21-A M.R.S.A. § 1125(12))

Candidates must report their campaign expenditures on Schedule B of the reporting form. In addition to the date, payee, and amount of each expenditure, the candidate must enter an "expenditure type" that is designed to provide the public and the Commission with a general understanding of the purpose of the expenditures (e.g., "campaign literature" or "travel"). When the candidate selects certain expenditure types (e.g., "campaign consultants" or "other"), the candidate is additionally required to provide information in the "remarks" field, which is intended to provide a more detailed statement of the goods and services purchased. The Commission staff relies on the candidate's reporting of expenditure types and remarks when it reviews the expenditures of MCEA candidates to verify compliance with the Commission's expenditure guidelines.

In addition to Schedule B, the Commission has designed a *separate* schedule (Schedule E) for MCEA candidates to report purchases of goods that could be converted to the candidate's personal use after the election. Schedule E assists the Commission in administering its rule concerning property and equipment that has a dual campaign/personal use. Those goods must be reported both on Schedule B and on Schedule E.

Candidate's Responsibility to Understand Legal Requirements

Candidates who choose to participate in the MCEA are provided with written materials informing them that the MCEA imposes limitations on what candidates may purchase with MCEA campaign funds. In 2006 and 2008, the Commission published concise expenditure guidelines that were easy to understand. In both campaign years, you signed Commission forms indicating that you had read those guidelines and intended to comply with them. Those guidelines stated

Expenditures for "campaign-related purposes" are those which are *traditionally accepted as necessary to promote the election of a candidate to political office*. Candidates using MCEA funds *must* also take into account the public nature of the funds, the underlying objectives of the MCEA, and the reasonableness of the expenditures under the circumstances. (emphasis added)

....

MCEA funds may not be spent on personal expenses. Those expenses are for goods and services that the candidate would otherwise purchase independently of the campaign, such as:

- Day-to-day household food items and supplies;
- Vehicle and transportation expenses unrelated to the campaign;
- Mortgage, rent, or utility payments for the candidate's personal residence, even if part of the residence is being used by the campaign; and
- Clothing, including attire for political functions such as business suits or shoes.

These guidelines cannot cover every conceivable good or service that might be purchased by a political candidate, especially some of the unusual items purchased by your 2006 and 2008 campaigns (*e.g.*, infra-red game camera, truck cap and roof racks, electric cooler, camping stove and drinking water sterilization system). Rather, the guidelines are intended to set forth some common types of expenditures which are acceptable and some categories of possible expenditures which are prohibited. The Commission staff always encourages MCEA candidates to contact the Commission office if they have any questions about whether anticipated expenditures are permissible.

The Commission staff reviews campaign finance reports filed by MCEA candidates for compliance with the Commission's expenditures guidelines. The staff's review *is not intended to replace diligence that must be shown by candidates* in understanding their responsibilities under the program. When a MCEA candidate does not adequately disclose the exact nature of goods purchased, the Commission staff's review can be hindered, as it was in this case. Fortunately, most candidates make the required effort to understand what expenditures are permissible. Overwhelmingly, the goods and services purchased by most MCEA candidates are traditionally accepted political expenditures usually related to communicating with voters (*e.g.*, campaign literature, signs, advertising, travel).

Questioned Items Bought by Your 2008 Campaign

In 2008, the Commission staff brought to the attention of the Commission three purchases made by your 2008 campaign which we believed were personal in nature and inappropriate for a MCEA candidate:

- a Leer fiberglass truck cap and Yakima roof racks (\$1,363.95)
- a GPS navigation device with bluetooth personal travel assistant (\$414.94)
- a 52-quart cooler with electronic cooling and warming capabilities (\$188.10).

At the Commission's August 25, 2008 meeting, you explained that the truck cap and cooler were necessary for campaigning because of a medical condition and you did not want to make an in-kind contribution to your campaign. The Commission members determined that these items were personal, and required you to repay your 2008 campaign for these purchases. The Commission members also approved of the staff's proposal to audit your 2006 campaign.

Questioned Items Bought by Your 2006 Campaign

The audit was conducted by Sumner Field, who left the Commission's employment in December 2008. We acknowledge your considerable effort in responding to Mr. Field's requests, and we appreciate your cooperation.

Mr. Field's audit disclosed the following compliance problems with your 2006 campaign (see also attached chart):

- *Infra-red game scouting camera.* On July 30, 2006, you paid \$463.74 in public funds to Cabela's for an infra-red game camera traditionally used by hunters to take automated pictures of game when the camera detects motion. When you reported the expenditure, you used the expenditure type of "Other" and entered the remark of "sign material" even though the camera was not a material used for making campaign signs.

At the August 25, 2008 meeting of the Commission, you mentioned that your 2006 campaign purchased a motion-sensitive camera because people had taken your signs and you intended to use the camera to catch them in the act. The Commission staff finds this explanation unpersuasive and the stated campaign-related purpose implausible. Moreover, your explanation for this expenditure detracts from the overall credibility of your presentations to the Commission. Based on information currently available, we intend to recommend to the Commission members that this purchase be disallowed due to lack of campaign purpose and that you be required to return the full purchase price of \$463.74 to the Commission. We are troubled that the reporting of the expenditure was misleading, even if caused by a misunderstanding of the reporting requirements.

- *Weed trimmer.* On July 2, 2006, your campaign purchased a Husqvarna weed trimmer and trimmer line for a total of \$219.39 from Johnson's True Value. The Commission staff will recommend to the Commission that it disallow this expenditure because it is not an expenditure traditionally accepted as necessary for a State Senate campaign, and that the Commission require you to reimburse this amount to the state.
- *2006 roof racks.* On September 7, 2006, your campaign paid \$276.36 in MCEA funds to purchase a Thule roof rack and kayak blocks. (This roof rack purchased in 2006 is *different* than the roof rack bought by your 2008 campaign.) You have explained that these were purchased to transport signs. The Commission staff views this as a personal expenditure for your vehicle. The Commission staff will recommend to the Commission that it disallow this expenditure and require you to reimburse this amount to the state.

- *Camping equipment.* During your 2006 campaign, you went on a 15-day walk carrying a 28-pound rock to dramatize Maine's tax burden. Based on information available on your former campaign website, our auditor concluded that you spent eight of the 15 nights at your home or at residences of your friends.

For the campaign, you purchased a number of camping goods which were used minimally for your campaign (if at all) and which could be converted to your (or others') personal use after the campaign. These purchases totaled \$1,302.13. The goods are listed on the attached chart, and include a drinking water sterilization system, camping stove, tent, backpack, jacket, and personal food. Our concerns about the possibility of goods purchased with MCEA funds being used for personal purposes are heightened because of your ownership of two rental camps on Big Lake in Princeton, Maine.

These items are not traditionally accepted as necessary to promote a political candidate, and have such a tangential relationship to your campaign that the Commission staff intends to recommend to the Commission that they be disallowed and that you be required to repay the \$1,302.13 purchase price. If, at their May 28th meeting, the Commission members accept these purchases as related to your 2006 campaign, the staff will suggest that you be required to repay the state 50% of the purchase price for these items. The current fair market value of these items is most likely considerably lower than it would have been if you had followed the Commission's rule regarding the sale of campaign equipment at the end of your 2006 campaign. The staff believes that 50% of the purchase price is an equitable settlement.

It should be noted that the financial reporting of these items was inadequate and did not disclose the decidedly personal nature of the items purchased. In the expenditure schedule of your campaign finance reports, you did not identify the exact goods purchased in the "remarks" field, and, instead, used general phrases such as "campaign walk" and "supplies for walk." Also, these goods were not itemized on Schedule E, even though they could be converted to your personal use after the 2006 election.

- *Tools and laminator.* Your 2006 campaign also purchased three tools which could have personal or business use for you after the 2006 elections: a Dewalt power screwdriver (\$159.71), bolt cutters (\$23.09), and a posthole digger (\$19.73). The campaign also purchased a 13-inch laminator (\$367.49) apparently to laminate photos of you that were posted on campaign signs. The Commission staff will recommend to the Commission that you reimburse the state for 50% of the cost of these items, because these items could have been used for your personal or business use after the 2006 campaign.

- *High-end laptop computer.* On June 17, 2006, your campaign purchased a relatively expensive laptop computer, printer, and software for \$3,335.31. The computer alone cost for \$2,928. After the election, your campaign sold the computer to campaign worker Lynn Ross for \$809. The Commission's auditor in 2006, Vincent Dinan, informed you that this sale price was too low, and therefore did not comply with the legal requirement that the computer be sold for fair market value. At Mr. Dinan's request, you then provided another \$691 to the Commission, and some reimbursement for the printer and software.

While the Commission has recovered an appropriate reimbursement for the computer, printer, and software, the purchase of a relatively high-end computer and sale to a campaign associate for less than one-third of the price is another troubling instance of a personal good purchased through the MCEA program.

Actions Recommended by Commission Staff

At this time, the Commission staff intends to recommend that the members of the Commission take the following actions at their next meeting on May 28th:

(1) The staff will recommend that the Commission require you to return a total of \$2,546.63 in MCEA funds. The basis for this total is shown on the attached chart.

(2) The staff will recommend that the Commission find that you violated 21-A M.R.S.A. § 1125(6) by spending MCEA funds for personal purposes that were unrelated to your campaign, and assessing a civil penalty of \$500 for the violation.

The staff believes that the pattern of purchases in your 2006 and 2008 campaigns demonstrates a serious lack of diligence required of MCEA candidates in accepting and using public funds. You made a conspicuously large number of purchases which were primarily personal in nature and which had little relationship to your campaign. One or two of these purchases alone might be excusable as isolated bad judgment. Taken as a whole, however, they suggest a candidate who was neglected his responsibility to understand the requirements of the program, or worse, attempted to take advantage of a generous public funding program. In either case, the staff believes some civil penalty is appropriate to deter such conduct in the future.

Please be aware that the Commission may assess a penalty of up to \$10,000 under 21-A M.R.S.A. § 1127(1) for any violation of the MCEA program, including a violation of § 1125(6).

(3) The staff will recommend that the Commission find you in violation of 21-A M.R.S.A. § 1125(12) for failing to report the campaign's expenditures according to procedures established by the Commission. This violation is for failing to report personal goods on Schedule E and entering remarks that were not accurate and that obscured the nature of the goods purchased. The staff does not recommend the assessment of any civil penalty for this violation.

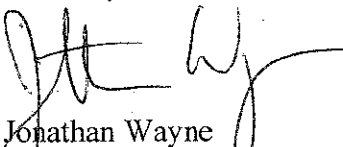

The staff is open to reconsidering these recommendations based on information you provide in response to this letter.

Your Opportunity to Respond

You are welcome to respond to the findings of violation and civil penalties recommended by the Commission staff. If you would like to respond in writing, please submit any information you would like so that it is received by this office no later than 5:00 p.m. on Wednesday, May 20, 2009. The Commission staff will include the information in the packet of materials sent to the Commission members one week before the March 26th meeting. (The staff will also provide the members with your written narrative we received on September 23, 2008.) **The staff suggests that you personally appear at the meeting to speak to the Commission members directly.** The meeting will be held in the hearing room of the Public Utilities Commission, 242 State Street in Augusta, and will begin at 9:00 a.m.

If you have any questions about the staff's analysis or recommendations, please call me at 287-4179.

Sincerely,

Jonathan Wayne
Executive Director

5-B. Restrictions on serving as treasurer. A certified candidate may not serve as a treasurer or deputy treasurer for that candidate's campaign.

6. Restrictions on contributions and expenditures for certified candidates.

After certification, a candidate must limit the candidate's campaign expenditures and obligations, including outstanding obligations, to the revenues distributed to the candidate from the fund and may not accept any contributions unless specifically authorized by the commission. Candidates may also accept and spend interest earned on fund revenues in campaign bank accounts. All revenues distributed to a certified candidate from the fund must be used for campaign-related purposes. The candidate, the treasurer, the candidate's committee authorized pursuant to section 1013-A, subsection 1 or any agent of the candidate and committee may not use these revenues for any but campaign-related purposes. The commission shall publish guidelines outlining permissible campaign-related expenditures.

6-A. Assisting a person to become an opponent. A candidate or a person who later becomes a candidate and who is seeking certification under subsection 5, or an agent of that candidate, may not assist another person in qualifying as a candidate for the same office if such a candidacy would result in the distribution of revenues under subsections 7 and 8 for certified candidates in a contested election.

6-B. Expenditures as payment to household members. A candidate may not make expenditures using fund revenues to pay the candidate, a member of the candidate's household or a business, corporation or nonprofit entity in which the candidate or a member of the candidate's household holds a significant proprietary or financial interest, unless the candidate submits evidence according to procedures established by the commission that the expenditure will be made:

- A. For a legitimate campaign-related purpose;
- B. To an individual or business that provides the goods or services being purchased in the normal course of their occupation or business; and
- C. In an amount that is reasonable taking into consideration current market value and other factors the commission may choose to consider.

This subsection does not prohibit reimbursement to a member of a candidate's household when made in accordance with this chapter and rules adopted by the commission.

7. Timing of fund distribution. The commission shall distribute to certified candidates revenues from the fund in amounts determined under subsection 8 in the following manner.

- A. Within three (3) days after certification, for candidates certified prior to March 15th of the election year, revenues from the fund must be distributed as if the candidates are in an uncontested primary election.
- B. Within three (3) days after certification, for all candidates certified between March 15th and April 15th of the election year, revenues from the fund must be distributed according to whether the candidate is in a contested or uncontested primary election.

If the immediately preceding election cycles do not contain sufficient electoral data, the commission shall use information from the most recent applicable elections.

9. Matching funds. When any report required under this chapter or Chapter 13 shows that the sum of a candidate's expenditures or obligations, contributions and loans, or fund revenues received, whichever is greater, in conjunction with independent expenditures reported under section 1019-B, exceeds the sum of an opposing certified candidate's fund revenues, in conjunction with independent expenditures, the commission shall issue immediately to the opposing certified candidate an additional amount equivalent to the difference. Matching funds for certified candidates for the Legislature are limited to two times the amount originally distributed under subsection 8, paragraph A or C, whichever is applicable. Matching funds for certified gubernatorial candidates in a primary election are limited to two times the amount originally distributed under subsection 8, paragraph E. Matching funds for certified gubernatorial candidates in a general election are limited to the amount originally distributed under subsection 8, paragraph F.

10. Candidate not enrolled in a party. An unenrolled candidate who submits the required number of qualifying contributions and other required documents under subsection 4 by 5:00 p.m. on April 15th preceding the primary election and who is certified is eligible for revenues from the fund in the same amounts and at the same time as an uncontested primary election candidate and a general election candidate as specified in subsections 7 and 8. Otherwise, an unenrolled candidate must submit the required number of qualifying contributions and the other required documents under subsection 4 by 5:00 p.m. on June 2nd preceding the general election. If certified, the candidate is eligible for revenues from the fund in the same amounts as a general election candidate, as specified in subsection 8. Revenues for the general election must be distributed to the candidate no later than three (3) days after certification.

11. Other procedures. The commission shall establish by rule procedures for qualification, certification, disbursement of fund revenues and return of unspent fund revenues for races involving special elections, recounts, vacancies, withdrawals or replacement candidates.

 **12. Reporting; unspent revenue.** Notwithstanding any other provision of law, participating and certified candidates shall report any money collected, all campaign expenditures, obligations and related activities to the commission according to procedures developed by the commission. If a certified candidate pays fund revenues to a member of the candidate's immediate family or a business or nonprofit entity affiliated with a member of the candidate's immediate family, the candidate must disclose the family relationship in a manner prescribed by the commission. Upon the filing of a final report for any primary election in which the candidate was defeated and for all general elections that candidate shall return all unspent fund revenues to the commission. In developing these procedures, the commission shall utilize existing campaign reporting procedures whenever practicable. The commission shall ensure timely public access to campaign finance data and may utilize electronic means of reporting and storing information.

12-A. Required records. The treasurer shall obtain and keep;

C. A challenger may appeal the decision of the commission in paragraph B by commencing an action in Superior Court within five (5) days of the date of the commission's decision. The action must be conducted in accordance with Rule 80C of the Maine Rules of Civil Procedure, except that the court shall issue its written decision within 20 days of the date of the commission's decision. Any aggrieved party may appeal the decision of the Superior Court by filing a notice of appeal within three (3) days of that decision. The record on appeal must be transmitted to the Law Court within three (3) days after the notice of appeal is filed. After filing the notice of appeal, the parties have four (4) days to file briefs and appendices with the clerk of the court. The court shall consider the case as soon as possible after the record and briefs have been filed and shall issue its decision within 14 days of the decision of the Superior Court.

D. A candidate whose certification as a Maine Clean Election Act candidate is reversed on appeal must return to the commission any unspent revenues distributed from the fund. If the commission or court finds that an appeal was made frivolously or to cause delay or hardship, the commission or court may require the moving party to pay costs of the commission, court and opposing parties, if any.

21A § 1126. Commission to adopt rules

The commission shall adopt rules to ensure effective administration of this chapter. These rules must include but must not be limited to procedures for obtaining qualifying contributions, certification as a Maine Clean Election Act candidate, circumstances involving special elections, vacancies, recounts, withdrawals or replacements, collection of revenues for the fund, distribution of fund revenue to certified candidates, return of unspent fund disbursements, disposition of equipment purchased with clean election funds and compliance with the Maine Clean Election Act. Rules of the commission required by this section are major, substantive rules as defined in Title 5, chapter 375, subchapter II-A.

21A § 1127. Violations

 **1. Civil fine.** In addition to any other penalties that may be applicable, a person who violates any provision of this chapter or rules of the commission adopted pursuant to section 1126 is subject to a fine not to exceed \$10,000 per violation payable to the fund. The commission may assess a fine of up to \$10,000 for a violation of the reporting requirements of sections 1017 and 1019-B if it determines that the failure to file a timely and accurate report resulted in the late payment of matching funds. This fine is recoverable in a civil action. In addition to any fine, for good cause shown, a candidate, treasurer, consultant or other agent of the candidate or the committee authorized by the candidate pursuant to section 1013-A, subsection 1, found in violation of this chapter or rules of the commission may be required to return to the fund all amounts distributed to the candidate from the fund or any funds not used for campaign-related purposes. If the commission makes a determination that a violation of this chapter or rules of the

2. Reporting by Participating and Certified Candidates

- A. **General.** Participating and certified candidates must comply with applicable reporting requirements set forth in Title 21-A, chapter 13, subchapter II [§1017].
- B. **Return of Matching Fund Advances and Unspent Fund Revenues.** Matching fund advance revenues that have not been authorized for spending and unspent. Fund revenues shall be returned to the Fund as follows:
- (1) **Unauthorized Matching Funds.** Candidates must return all matching fund advance revenues for which no spending authorization was issued prior to an election to the Commission by check or money order payable to the Fund within 2 weeks following the date of the election.
 - (2) **Unspent Fund Revenues for Unsuccessful Primary Election Candidates.** Upon the filing of the 42-day post-primary election report for a primary election in which a certified candidate was defeated, that candidate must return all unspent Fund revenues to the Commission by check or money order payable to the Fund, except that a gubernatorial candidate may be allowed to reserve up to \$2,000 in order to defray expenses associated with an audit by the Commission.
 - (3) **Unspent Fund Revenues for All General and Special Election Candidates.** Upon the filing of the 42-day post-election report for a general or special election, all candidates must return all unspent Fund revenues to the Commission by check or money order payable to the Fund, except that a gubernatorial candidate may be allowed to reserve up to \$3,500 in order to defray expenses associated with an audit by the Commission.
- C. **Liquidation of Property and Equipment.** Property and equipment that is not exclusive to use in a campaign (e.g., computers and associated equipment, etc.) that has been purchased with Maine Clean Election Act funds loses its campaign-related purpose following the election. Such property and equipment must be liquidated at its fair market value and the proceeds thereof reimbursed to the Maine Clean Election Fund as unspent fund revenues in accordance with the schedule in paragraph B above.
- (1) The liquidation of campaign property and equipment may be done by sale to another person or purchase by the candidate.
 - (2) Liquidation must be at the fair market value of the property or equipment at the time of disposition. Fair market value is determined by what is fair, economic, just, equitable, and reasonable under normal market conditions based upon the value of items of similar description, age, and condition as determined by acceptable evidence of value.

2008 EXPENDITURE GUIDELINES For Maine Clean Election Act Candidates

Candidates must spend Maine Clean Election Act (MCEA) funds for campaign-related purposes and not for other purposes such as the candidate's personal benefit, party-building, or to promote another candidate's campaign.

- Expenditures for "campaign-related purposes" are those which are traditionally accepted as necessary to promote the election of a candidate to political office. Candidates using MCEA funds must also take into account the public nature of the funds, the underlying objectives of the MCEA, and the reasonableness of the expenditures under the circumstances. In Maine, traditional campaign expenses have included:

- Printing and mailing costs;
- Political advertising expenses;
- Campaign communications such as signs, bumper stickers, T-shirts, or caps with campaign slogans, etc.;
- Office supplies;
- Campaign events (e.g., food, rent of tent or hall, etc.);
- Campaign staff expenses;
- Campaign travel expenses, such as fuel and tolls; and
- An entry fee for an event organized by a party committee, charity, or community organization or an ad in an event publication, as long as the expenditure benefits the candidate's campaign;

- Candidates may not use MCEA funds for personal expenses. This means candidates may not borrow from or use MCEA funds for personal or other non-campaign expenses, even if temporarily and with the intention of repaying the funds. Personal expenses are for goods and services that the candidate would otherwise purchase independently of the campaign, such as:

- Day-to-day household food items and supplies;
- Vehicle and transportation expenses unrelated to the campaign;
- Mortgage, rent, or utility payments for the candidate's personal residence, even if part of the residence is being used by the campaign; and
- Clothing, including attire for political functions such as business suits or shoes.

- Maine Clean Election Act funds may not be spent to:

- make independent expenditures supporting or opposing any candidate, ballot measure, or political committee;
- assist in any way the campaign of any candidate other than the candidate for whom the funds were originally designated;
- contribute to another candidate, a political committee, or a party committee, other than in exchange for goods and services;
- pay a consultant, vendor, or campaign staff, other than in exchange for campaign goods or services;
- make a thank-you gift (including a gift card) to a volunteer or supporter;
- compensate the candidate for services provided by the candidate;
- make a donation to a charity or a community organization, other than in exchange for campaign goods or services;
- promote political or social positions or causes other than the candidate's campaign;
- pay civil penalties, fines, or forfeitures to the Commission, or defend the candidate in enforcement proceedings brought by the Commission; or
- assist the candidate in a recount of an election.

■ Guidelines on Selected Issues

- *Electronics and Other Personal Property.* Goods purchased with MCEA funds that could be converted to personal use after the campaign (e.g., computers, fax machines, and cellular telephones) must be reported on Schedules B and E of the candidate reporting form. No later than 42 days after the general election, the goods must be sold at fair market value and the proceeds returned to the Maine Clean Election Fund. Candidates are welcome to lease electronic and other equipment.
- *Food.* Candidates may spend a reasonable amount of MCEA funds on food for campaign events or to feed volunteers while they are working. Legislative candidates may not use MCEA funds to purchase food that is consumed only by the candidate and/or the candidate's spouse.
- *Car Travel.* MCEA campaigns may reimburse the candidate or campaign workers for their car travel, as long as the person reimbursed has kept a travel log. For 2008, the campaign may make a travel reimbursement up to the number of miles traveled (as reported in the log) multiplied by \$0.42. Campaigns must keep the travel logs for two years, and provide them to the Commission if requested. Candidates and their spouses or domestic partners may spend any amount of their personal funds for campaign travel without seeking reimbursement. Other individuals may spend up to \$100 of their personal funds to pay for travel without making a contribution to the campaign.
- *Lodging.* Candidates may use MCEA funds to pay for lodging if necessary for campaign purposes, but must keep lodging expenses reasonable.
- *Post-Election Notes and Parties.* Candidates may spend up to the following maximum amounts of MCEA funds on post-election parties, thank you notes, or advertising to thank supporters or voters: \$250 for State Representative candidates and \$500 for State Senate candidates. Candidates may also use personal funds for these purposes.
- *Campaign Training.* Candidates may use MCEA funds for tuition or registration costs to receive training on campaigning or policy issues.
- *Salary and Compensation.* Candidates may use MCEA funds to pay for campaign-related services by staff or consultants, provided that compensation is made at or below fair market value and sufficient records are maintained to show what services were received. Documentation must include a description of the labor performed by the staff member or consultant, and an itemization of any goods or services purchased from other vendors including date, vendor, and amount.

■ Required Record-Keeping

The MCEA requires participating campaigns to keep two documents for every expenditure over \$50: (1) an invoice from the vendor listing the goods or services purchased, and (2) a canceled check or other acceptable proof of payment to the vendor. Please select a treasurer who will be responsible about keeping these records.

■ Auditing and Compliance

In 2008, the Commission staff will audit at least 20% of MCEA candidates and will review all receipts and expenditures disclosed by MCEA candidates in campaign finance reports. The Commission frequently requests additional information from candidates to verify that public funds were spent for campaign-related purposes. Candidates who misuse public funds may be required to repay some or all public funds received, may be liable for civil penalties, and may be referred to the State Attorney General for possible criminal prosecution.

Mr. Kadey:

On May 7, 2009, I mailed you a letter letting you know that the Ethics Commission would meet on May 28 to consider your campaigns.

Would you please respond to this e-mail or call me at 287-4179 to confirm that you understand that the Commission is meeting. I do think it would be helpful for you if you were at the meeting to explain the purchases that I described in my May 7 letter.

Thank you.

MAINE ETHICS COMMISSION

Thank you for the results of your recent complete audit which I requested.

A brief review. I ran in 2006 as an Independent. I had no party to steer me through the perils of the MCEA. After studying the packet, I realized there were a number of apparent contradictions. As a result, I sought your help in numerous phone calls & e-mails. You tired of my questions and turned me over to your staff. (Exhibit #1)

after more correspondence I was still concerned and unsure that I was in compliance with your standards. I asked if I was correct and was told that a formal review would take place. (Exhibit #2)

That promise was not kept.

You, through your staff, told me you would give my reports a "formal review". You did not. Now you are proposing to fine me. Interesting.

Thank you for allowing me to appear on March 26 at this time it appears that business requires me to be in Florida at that time.

Thank you again. All the best!

As a MCEA candidate I will need to purchase a laptop for the campaign. Is it legal to purchase that from private funds? If that is not possible then, I assume, funds must be taken from MCEA.

It is my understanding that items such as laptops must be sold at fair market value at the conclusion of the campaign. Because of "Confidentially" concerns is there a way possible to have that requirement waived with a laptop?

If that is not possible. I would have to purchase the laptop with personal funds to insure confidentiality. How, in that case, is "fair market value" determined? Is some type of financial break possible? You see I am in "Washington County", The poverty pocket of Maine..... The land of the "living dead" ... Thanks dana

Mr. Wayne

Thanks for your recent call.

I have been away from the office for a few days & I have to leave for Seattle shortly. I will be gone 2 to 3 weeks depending on how quickly things fall into place.

I tried to call but could not get your answering machine.

I will contact you when I return.

Thanks again,

Koolatron P-85 Krusader Cooler Cools using 12 Volt solid-state thermoelectric lighter in your vehicle. While you relax and enjoy quiet dependable 12 "Ice Age" are standing in line to buy overpriced ice or driving from store to store not sold out yet.

Koolatron P-85 Krusader Cooler is the largest 12 volt cooler available for tailgating.

WARNING:

Koolatron P85 Krusader cooler is so big that you cannot open the lid in most cars. OK in Vans and SUVs where there is more headroom. It is advisable to load this Cooler in the vehicle since it will probably take two people to load it.

The Koolatron P-85 Krusader cools 45 to 50 Fahrenheit degrees below ambient. It can be used horizontally or vertically as a divider.

Details & Specifications =>

Take Koolatron P-85 Krusader cooler shopping, put your perishables in the Cooler then finish your other driving errands while the cooler protects your food.

When you're not using the Koolatron P-85 Krusader Cooler on the road, it can double as a bar fridge or student dormitory fridge with the addition of a Koolatron AC adapter (available separately).

By simply reversing the power cord, Koolatron P-85 Krusader cooler can be turned into a warmer, to keep "fast food" or "take out food" hot on the way home. Or bring a full load of hot chocolate or coffees to the gang in winter. Bring a hot casserole and other hot foods to family gatherings or other festive affairs.

Long life brushless motor and internal air circulation for even temperature distribution. Koolatron P85 Krusader Cooler can be used horizontally (chest position) or vertically like a fridge.

Model Specs: - Empty Wt. (19 lbs.)

Capacity - (52qts.), 80 12 oz. cans or 9 bottles of the 2 liter size, 6 standing vertically plus 3 more laying horizontally plus lots of space for extra stuff around the bottles.

JUL 29 2008

MAINE ETHICS COMMISSION

In response to your letter of 07-25-08.

Expenditures value to my campaign.

1. Phone charger cord: This is one that charges the phone in an auto. I use my cell phone a lot while "on the trail" in Senate District 29. Nothing is more annoying than to hear the little fellow beep & say "low battery" while I am nosing around in Dred Plantation. I have already saved \$17.85 many times over in mileage because I was able to charge my phone in my auto.
2. Auto navigation GPS: District 29 is large in sq. miles. Last election I spent tens of hours & hundreds of miles lost while on the trail. Since acquiring the GPS I have never been lost. I have more than saved its cost already in gas mileage.
3. Items 3-7: Again the district is large and diverse. One of the best ways of knowing what is going on is by studying the local newspapers. Included are two examples of research from those papers which I will be using in my campaign. These items are not to be released to the public.
Sincerely,
L.O.B.

I thank the commission for allowing me to speak to you today. I also thank Jonathan Wayne for supplying me with a copy of the concerns he has. On the phone he expressed that this could be an adversarial encounter and he wanted me to have all the information in advance. This was the act of a gentleman and again I thank him.

I present to you a copy of emails back and forth from your staff and myself. The email of 06-05-06 from Mr. Brown assured me that reports I submitted would be reviewed so that I could immediately correct any errors of my judgment.

In fact, a gentlemen at the commission called me 3 or 4 times. He told me that I needed to make amendments. One time, I couldn't get the computer to obey, so the gentleman was kind enough to amend the report for me.

Now concerning 2008 expenditures.

First, I strongly state that I have no intention, nor have I used campaign funds to enrich myself. I have experienced my share of bumps in life but I have been blessed in the area of financial resources. A few 100 dollars or a few 1000 dollars are insignificant to me. Items such as a truck-cap, a GPS device and an electric cooler I would gladly purchase with my own funds. That would give my campaign an extra couple of thousand dollars with which I could purchase more radio spots.

I purchased those items with MCEA funds because if I had purchased them with my own funds I would have been violation of the MCEA regulations.

"Once certified, MCEA candidates are prohibited from accepting any contributions—cash or in-kind. It is important that candidates understand this restriction, because acceptance of a contribution is a violation of the MCEA" (p75, upper inset—2008 Candidate Guide).

Now the purpose of the purchases.

1 .The GPS device.

Senate District #29 is made up of parts of Hancock and Penobscot and all of Washington County. Washington County alone comprises 3,225 sq. miles.

If I leave my office on 8 days in succession as follows (round trips with only one stop at each place.)

1. W Great Pond	148
2. NW Drew Plantation	118
3. N Danforth	70
4. NE Vanceboro	78
5. SE Lubec	84
6. S Beals	162
7. SW Waltham	176
8. SW Steuben	<u>188</u>

That adds up to 1034 miles

District #29 includes:

7SD

DTT9

T10

T3ND

Devereaux Township

You don't know where Devereaux Township is? The GPS knows!

In the last election I spent 10s of hours and 100s of miles lost. I spent far in excess of \$400. So far this time I have not been lost.

Mr. Wayne wrote that the staff knows of no other candidate in Maine who has purchased a GPS device with campaign funds.

I am a partner in TemPerWal, LLC. We have a top-shelf waterfront development in Princeton. When I told Eastern Maine Electric we were going to put in underground utilities, their reply was we could not do that. When asked why, their reply was, "It has never been done before around here."

Black Cat Point Waterfront Development has underground utilities!

No other candidate has purchased a GPS device before? Someone had to be the leader!

2. Truck cap + roof rack and cooler.

Approximately 5 years ago I had the disease Membranous Nephropathy added to my list of life experiences.

According to my doctor Membranous Nephropathy is an idiopathic disease with no known cure. The immune system for some unknown reason attacks and eats up the kidneys. Seldom does the disease go away but medical personal have discovered sometimes, with medication, it can be retarded. The afflicted is given Chemo to put down the immune system, blood pressure medication to take pressure off the kidneys and steroids to assist the kidney in the process of healing.

In the fall of 2003 through the spring of 2004 in a span of 10 months I went through that process and was fortunate enough to put the bugger back into the woods. But about a year ago, when my back was turned, it snuck up and bit me again. For the last 6 months I have been treading the medication trail once more. I look forward to thrashing the disease once again, but the side effects of the medication provides for an experience which is far from pleasant. The main affects are constant tiredness, "why was I born" muscle spasms, and the huff-and puff of trying to do anything more strenuous than thinking.

I have discovered with a lot of grit and some adjustments I can continue to do a lot of things and still derive great pleasure in life. One fellow said concerning his chemo experience, "I never walked by a bed." I find I have to take 3 or 4 naps a day. It's like I run into to a wall and need to lie down then! (Not in 15 minutes, but right then.) Many times I have an onset of muscular spasms while resting. I have discovered the only way I can get relief from them is with ice. I sometimes chuckle when I see myself packing a picnic playmate with ice as a preparation for bed at night.

Hence the truck cap and the cooler. I have a bed in the back of the truck and I have frozen bottles of ice I place in the cooler when I head out on the campaign trail. This gives new meaning to the expression "Have a cold one."

I have discovered in life when faced with an obstacle you can choose one of two tacks. You can curl up in a corner and feel sorry for yourself, or you can make the necessary adjustments and keep right on trucking. A broken leg? Adjustments—cast, crutches, wheelchair?

I am a trucker.

Because of my disease I now have more compassion for the handicapped. You have a better understanding of thistles after you have stepped on one in your bare feet.

In my mine I cannot justify the cap as a personal expense. With the cap I can't haul 1/3 cord of firewood. I can't haul a refrigerator from Sears. I can't have my utility box on back.

I can think of only one thing I could do with it for personal use. I am an eleventh generation Native Mainer, starting in 1644. I come from a long line of poachers. With the cap I could put two loins, and 4 quarters under the bed, stop and chat with the Warden. He would neither see nor smell the venison. Of course, I would never do that.

3. Roof Racks:

I understand you must treat every campaign as a separate event. I am not so constrained. When I started this adventure, I assumed it would take 4 or 5 attempts before I experienced success.

I am reminded of the story of the fellow in who went into a local establishment.

When he stepped up to the bar to order a beer a big fellow came along and grabbed him by the scruff of the neck and the seat of his pants and threw him out into the street.

He got up, dusted himself off and went back to the bar. Another big fellow came along and grabbed him by the scruff of the neck and the seat of his pants and threw him out into the street.

He got up, dusted himself off and went back to the bar. Another big fellow came along and grabbed him by the scruff of the neck and the seat of his pants and threw him out into the street.

As he was dusting himself off a lady came along and asked him, "What is the matter?" He replied, "I'm starting to think they don't want be in there."

I will not start to think that way as quickly.

Because I have the 4/5 attempts perspective, I have planned that way. My signs are homemade and designed to be functional over many elections. You will note in the 2008 reports that I have spent no money on signs.

[Picture]

My large signs are constructed from a 4'x 4' piece of OSB framed in pine and painted on both sides in distinctive colors. They are mounted to stay in place with 3/80 inches long cedar poles.

I used to be able to haul them on the back of my truck. Because of the cap I no longer can. Thus the racks.

Concerning the Cabal's purchase.

I had a problem in 2006 with stolen signs. I reported the theft to the police a number of times. It got so when they would see me coming they would turn on their blue lights and speed off in the other direction. I got the message. I remembered a fellow telling me about how he caught the crook who was breaking into his camp by setting up a motion sensor camera in his outhouse.

I followed his example. I had no luck last time. But I have everything all set this time, hopefully, I will catch the perpetrator.

Now concerning equipment. It appears I have an understanding different from the Commission. Up in Washington County, when we talk equipment we are talking grapple skidders, feller branchers, low-beds, cranes, graders, bulldozers, etc. Stuff like the things I purchased for my campaign would just be miscellaneous expenses.

One day, I was kind of downing myself as just being a hayseed from Washington County unable to understand the Maine Clean Election procedures. A few days later I received correspondence from the Commission containing this.

[read it]

I said, "Dana, don't be too hard on yourself. The Commission staff doesn't understand it either!"

Earlier, I mentioned the fact that Jonathon Wayne thought our meeting might be adversarial.

It appears to me that Mr. Wayne is intelligent, articulate and diligent in his pursuit to protect every penny of taxpayer money. He is willing to take the heat in that pursuit and I applaud him. I wish that was the case in all areas of taxpayer money: Methadone Clinics, LIHEAP, Research Grants to the University of Maine, Corporate Welfare, etc. Jonathan Wayne is not my adversary; he is my ally.

In closing, we have the privilege of living in the Greatest Nation in the history of the world. We also have the privilege of living in the best state of that nation. Together, let us continue to strive to make the best better. Again, I thank you.

Since you would not actually be making the payment to yourself until the current (6-day pre-general) reporting period, I would advise amending your 42-day post-primary report to add the mileage as an unpaid debt or obligation on schedule D. The debt would be owed to yourself and then you would include that amount as an expenditure on schedule B of the 6-day pre-general report. Let me know if you have any questions.

Gavin,

I need some direction.

When I filed the 42-Day-Post-Primary report I could not find my record concerning mileage. The guidelines (Chapter 11 Page 56 Vehicle Travel) state "Candidate should keep a record for each trip that includes: date of travel, number of miles traveled, origination, destination, and purpose of travel."

Because I could not find my records I said to myself that I would just have to take my lumps and eat the expenses.

Recently, while doing some paper work for a LLC in which I am partner, I found the mileage binder misfiled in the LLC file cabinet.

I chastened myself for being so stupid but after a time I got thinking. By not reimbursing myself for the mileage, I am putting my opponents at a disadvantage in that it gives my campaign more money.

Is it possible for me to file an amended report to correct this situation?

Thanks,
dana

Mr. Kadey,

I've preliminarily gone over your report, and everything seems to be in order. However, we will be doing a more formal review after the filing deadline, and we may have more comments at that time. If you have any other questions, please don't hesitate to send me an email or give me a call.

Mr. Kadey,

In this example, the candidate would be able to re-submit 1 or more checks with the signatures in order to become certified, so long as the 1 or more checks were received by 5:00 PM on April 18th. Only when the Commission has all 150 qualifying contributions would we start the certification and payment process.

As for the other question, we haven't forgotten it by any means, but as of now it still remains unresolved. As soon as we come up with a response, I will let you know.

If you are going to use the computer only for the campaign, your purchase of it with your own funds would be an in-kind contribution to the campaign and would not be permitted. If you plan is to purchase it with MCEA funds, that is fine except that you will have to sell the computer after the election for fair market value and return the proceeds to the Commission.

Please refer questions in the future to Sandy Thompson and Nat Brown. Thanks.

Generally, items that you buy for your campaign are in-kind contributions from you to the campaign. They are subject to the seed money contribution restrictions.

There is an exception to the definition of contribution for computers, phones, and other office equipment that are donated to a candidate's campaign at no additional cost to the donor. Since you are posing the question before the election year has begun - if your intention is to use the computer for personal use and campaign use during the campaign year, and you intend to use it for personal use after the campaign is over - I believe it would fall into the exception and would not be considered a contribution to your campaign.

If you have any further questions, please contact Candidate Registrars Sandy Thompson or Nat Brown. Thank you.

As a MCEA candidate I will need to purchase a laptop for the campaign. Is it legal to purchase that from private funds? If that is not possible then, I assume, funds must be taken from MCEA.

It is my understanding that items such as laptops must be sold at fair market value at the conclusion of the campaign. Because of "Confidentially" concerns is there a way possible to have that requirement waived with a laptop?

If that is not possible. I would have to purchase the laptop with personal funds to insure confidentiality. How, in that case, is "fair market value" determined? Is some type of financial break possible? You see I am in "Washington County", The poverty pocket of Maine..... The land of the "living dead" ... Thanks dana

If an unenrolled senate candidate requests certification before 5 p.m. on April 18, 2006, they will receive \$1,927 for the primary election. This is the same amount that an uncontested senate candidate (enrolled in a party) receives for the primary.

MAINE ETHICS COMMISSION

CAMPAIGN SIGNS

AFTER PRICING FACTORY MADE SIGNS I DECIDED TO MAKE MY CAMPAIGN SIGNS.

REASONS: A. REUSABLE IN NUMEROUS CAMPAIGNS
B. MORE DISTINCTIVE
C. BIGGER.

FOUR PICTURES ARE ENCLOSED: I DESCRIBE

#1. THE MAIN PORTION OF THE SIGN WAS MADE FROM $\frac{1}{2}$ SHEET OF 4'X8' plywood/OSB. THAT PORTION IS 4'X4'. IT WAS THEN FRAMED WITH SPRUCE/PINE BOARDS APPROXIMATELY 3" WIDE. THIS REQUIRED 8 / 4' PIECES AND 1 / 4' PLUS PIECE. MUCH OF THIS WAS SCRAPE LUMBER WHICH REQUIRED SOME ²PREP WORK. THESE BOARDS WERE SECURED WITH ³LAG SCREWS.

THE SIGNS WERE MOUNTED WITH THREE 80" + LONG PEELED CEDAR POLES. THE UPRIGHTS WERE PUT IN A ⁴ONE FOOT DEEP HOLE AND SECURED WITH FOUR ⁵STOUT GUY WIRES. THE TOP POLE WAS SECURED TO THE UPRIGHTS WITH EIGHT 5" LAG SCREWS (ONE ENCLOSED). ¹HARDWARE WAS USED TO SUSPEND THE SIGNS FROM THE TOP OF THE POLE AND TO HOLD THE GUY WIRES.

THE⁸ BRUSH / GRASS / WEEDS WERE CLEARED OUT FROM IN FRONT AND AROUND THE SIGNS.

THOSE⁹ SIGNS REQUIRED TWO COATS OF PRIMER PAINT. AFTER THE FIRST COAT THE CRACKS WERE FILLED WITH¹⁰ SPACKLE / CAULK. A⁹ THIRD COAT OF FINISHED GLOSS WAS THEN APPLIED. AFTER WHICH THE SIGNS WERE LETTERED AND TOUCHED UP. I MADE 50+ OF THESE SIGNS. "MY PICTURE (8 1/2" x 11)" WAS ATTACHED TO BOTH SIDES OF THE SIGNS.

#2 THESE SIGNS CONSIST OF TWO PIECES OF PLYWOOD / OSB APPROXIMATELY 3" x 12" AND ONE GRADE STAKE. THOSE MATERIALS WERE PAINTED WITH TWO COATS OF PRIMER AND ONE COAT OF FINISH GLOSS. THE PLYWOOD / OSB WAS ATTACHED TO THE GRADE STAKE WITH FOUR LAG SCREWS. I MADE 400+ OF THESE SIGNS.

#3 THESE SIGNS WERE MADE WITH SHEETS OF PLYWOOD / OSB APPROXIMATELY 9" x 30" AND A PINE / SPRUCE BOARD APPROXIMATELY 2" x 24". THE MATERIAL WAS PAINTED WITH TWO COATS OF PRIMER, THE CRACKS FILLED AND THEN ONE FINISH GLOSS COAT WAS APPLIED. THEY WERE THEN LETTERED ON BOTH SIDES. THE SIGN WAS SECURED TO THE PLYWOOD WITH 5 OR 6 LAG SCREWS.

SEP 23 2008

(2)

I MADE 50⁺ OF THESE. A WEEK TO 10 DAYS BEFORE THE ELECTION THEY WERE ATTACHED TO THE TOP CEDAR POLE OF SIGNS #1 WITH (4) 3"/3 1/2" 1/4" B SCREWS.

YES I SPENT HOURS CREATING THEM. THEY ARE MY CHILDREN. I LOVE AND PROTECT THEM. LIKE A MOTHER PARTRIDGE LOVES AND PROTECTS HER CHICKS.

#4 A SIGN, 2'x4' WITH BASE WHICH WAS DISPLAYED ON THE ROOF OF MY CAR DURING THE 2006 CAMPAIGN. THE SIGN IS PLYWOOD/OSB PAINTED IN THE SAME MANNER AS #1. THE BASE IS PINE/SPRUCE.

THE SIGN WAS SECURED TO THE ROOF OF THE CAR ¹³WITH RACKS. KAYAK BLOCKS WERE USED AS A CUSHION TO PREVENT VIBRATION. FOUR STOUT GUY WIRE HELD THE SIGN TO PREVENT THE TOP FROM SWAYING.

I TOOK THE CEDAR, USED TO INSTALL SIGNS #1 FROM MY OWN WOOD LOT. (PROBABLY A VIOLATION) I USED MY OWN CHAIN SAW GAS ETC FOR THIS. I MUST HAVE RUN OUT OF ¹⁴BAR OIL ONE DAY. THEREFORE THE CHARGE FOR BAR OIL.

④

My RESEARCH shows that FACTORY MANUFACTURED
SIGNS VOLUME would cost \$3100. Most of
these would be lost to WIND, RAIN ETC.
My signs cost ABOUT \$3300, (plus lots
of my work) THESE SIGNS WILL BE
ALL I NEED FOR FIVE OR MORE
CAMPAGINES. I SPENT \$0 FOR 2008.

That is the way WE THINK HERE IN
WASHINGTON County. "THE LAND OF THE
LIVING, DEAD. THE POVERTY POCKET OF MAINE."

Foot Notes

RECEIVED

SEP 23 2008

MAINE ETHICS COMMISSION

1. LARGE SIGNS MADE FROM PLYWOOD/OSB
2. NEEDED TO SCRAPE SCRAP LUMBER FOR FRAMING SIGNS
3. LARGE AMOUNT OF LAG SCREWS NEEDED TO CONSTRUCT AND INSTALL SIGNS.
4. NEEDED TO DIG HOLES FOR CEDAR UPRIGHTS
5. NEEDED TO CUT STOUT GUY WIRE.
6. NEEDED TO DRIVE 5" LAG SCREWS INTO CEDAR TO HOLD CROSS PIECE IN PLACE.
7. PAUL NEEDED TO CARRY SIGN HARDWARE.
(HAPPENED THAT WAS ALL THEY HAD, I SUPPOSE.)
8. NEEDED TO CLEAR AREAS SO SIGNS COULD BE CLEARLY SEEN. I PUT MY SIGNS ON PRIVATE PROPERTY ALL AROUND THE DISTRICT. MANY WERE PUT UP AS EARLY AS JUNE. GRASS HAD TO BE WACKED UP TO FOUR TIMES AT SOME SIGNS.
9. I FIGURE EACH OF THE LARGE CONSUMED AT LEAST 1/2 GALLON OF PAINT. PLUS LETTERING
10. NEEDED TO FILL CRACKS BETWEEN PRIMER COATS OF PAINT
11. NEEDED TO WATERPROOF THE 100+ 8 1/2' X 11' PICTURES OF THE CANDIDATE.
12. SEVEN OF THE LARGE SIGNS WERE STOLEN. ALL WERE REPORTED TO THE POLICE. THOSE THEFTS WERE NOT HIGH PRIORITY FOR THE POLICE. AFTER THE SECOND ONE WAS STOLEN IN THE SAME LOCATION, (EDMONDS) I PURCHASED THE CAMERA TO CATCH THE THIEF.
13. NEEDED TO MOUNT SIGN #4 TO THE ROOF OF MY CAR.
14. NEEDED TO OPERATE CHAIN SAW TO CUT CEDAR POLES.

LAMINATOR/Tape

THE LAMINATOR WAS USED TO WATERPROOF THE 8 1/2" X 11" CANDIDATE PHOTOS THAT WERE THEN TAPED TO THE SIGN (BOTH SIDES) OF THOSE LIKE PICTURE #1.

IN 2006 I RAN THREE BUSINESS FROM TWO OFFICES LOCATED AT 876 WEST ST. ONE OF THOSE BUSINESS WAS A RESIDENTIAL APPRAISAL BUSINESS CALLED "APPRAISERS OF MAINE". WHEN I ORDERED THE LAMINATOR I USED A CATALOG FROM THAT OFFICE. ONE OF THE FIRST QUESTIONS ASKED IS "WHAT IS THE NUMBER ON THE BACK OF THE CATALOG. THEREFORE IT CAME IN THE NAME OF "APPRAISERS OF MAINE".

NOW, ALSO WITH IT CAME SOME FREE JUNK. AS YOU CAN SEE FROM THE INVOICE IT COST NOTHING... AND IT WAS WORTH. I RAN INTO A SIMILAR GIMICK AT STAPLES ON THIS 2008 CAMPAIGN WHEN I WENT THROUGH THE CHECKOUT.

SAM'S CLUB / FOOD

THE \$40 SAM'S CLUB WAS USED FOR MEMBERSHIP SO I COULD PURCHASE CAMPAIGN MATERIALS. THIS WAS DENIED BY MR DANLEN. (SPELLING?) I SPOKE WITH GAVIN RECENTLY AND I UNDERSTAND HE COULD SEE HOW THE REPORT AMENDED. HE SAID HE WOULD SHARE THAT INFORMATION WITH YOU SO I ASSUME THIS IS CLEARED UP.

THE CANDY WAS USED FOR A PARADE.

THE SODA WAS USED TO PROVIDE LUNCHES FOR VOLUNTEERS. AS WAS THE GOODS FROM SHAW'S GROCERY.

I PURCHASED NON-PERISHABLES TO HAVE FOR LUNCHES:

CANNED / DRY SOUPS

CANNED SANDWICH FOODS... TUNA/HAM SPREAD ETC

CANNED FRUIT

NUTS

DRIED FRUIT

PICKLES

ETC.

I LOST THE STORE RECEIPT FOR THIS. THE PURCHASE SHOULD SHOW UP ON THE CREDIT CARD SUMMARY I SENT YOU.

Campaign Walk

I WALKED FROM THE ARROOSTOOK COUNTY LINE ALONG RT#1 ALL THE WAY THROUGH WASHINGTON COUNTY TO THE HANCOCK COUNTY LINE TO STEUBEN. I CARRIED A 28 LBS ROCK TO SYMBOLIZE THE HEAVY TAX BURDEN MAINE'S CITIZENS ARE FORCED TO CARRY. I HAD TO EQUIP SO THAT I COULD EAT ANYWHERE WHEN I WAS HUNGRY AND SLEEP ANYWHERE NIGHT OVERTOOK ME. (I FOUND CEMETERIES TO BE THE BEST PLACE)

I HAVE A FRIEND WHO HAS WALKED MOST OF THE APPALACHIAN TRAIL. SHE HELPED ME BY EXPLAINING WHAT (WHY) I NEEDED TO SUCCESSFULLY COMPLETE THIS TWO WEEK TRIP. ITEMS 1-4 WERE ITEMS I DID NOT HAVE AND SO THE PURCHASE.

CHECK WEB SITE KADEY SENATE.COM THE WALKING FOR MAINE. THE FIRST PICTURE SHOWS ALL.

WALKING FOR MAINE

Finished October 15!

Independent State Senatorial candidate Dana Kadey of Princeton will begin a North/South county line to county line walk with a 28 pound rock on his back to highlight Maine's extreme, highest-in-the-nation tax burden. The walk will commence at the Aroostook/Washington County line north of Danforth on U.S. Route 1 on September 21 at 8:00 A.M.

Reports From the Field

Day One September 21

Starting just north of Danforth, Mr. Kadey carried his 28lb burden as far as Eaton, south of Danforth and North of Brookton. He set up camp near a cemetery where he had permission from caretaker to spend night. People across street gave him water and he had a dehydrated beef stroganoff for supper.

Day Six September 26th

Independent State Senatorial

Mr. Kadey's reached the Hancock County line in Steuben on October 5th, fifteen days after he started his journey at the northern edge of Washington County in Danforth.

Mr. Kadey tries out his 28 lb. burden for size.

Members of the media and interested citizens are encouraged to walk and talk with the candidate as he walks against traffic as a safe pedestrian should. He will walk Route 1 all the way to the Washington/Hancock County line. The estimated time of the walk is two weeks, the estimated distance is 200 miles. The candidate will be available for interviews during and after the day's walk.

He plans to hit the road on subsequent days at 7 A.M. Progress of the walk will be posted every other day at www.kadeysenate.com with interim announcements made as appropriate.

Mr. Kadey expects to walk approximately 15 miles per day. In addition to the 28 pound rock, he will also be carrying a full complement of camping equipment but may entertain offers of hospitality along the route from his fellow Washington Countians. The route will pass through the towns of Danforth, Brookton, Topsfield, Waite, Indian Township, Princeton, Baileyville, Baring,

candidate Dana Kadey of Princeton arrived in his hometown this afternoon to the cheers and handshakes of a group of well-wishers and supporters.
